

Date: February 14, 2020

This is to certify the following student completed the non-degree and non-transcript Intensive AI Program for Korean students sponsored by the Institute for Information and Communication Technology Planning & Evaluation, Republic of Korea, at Carnegie Mellon University. All courses offered are designed to be equally rigorous to the graduate courses at the School of Computer Science at Carnegie Mellon University. The grades are based on semester long courses. For further information, please contact Mr. John Kang (johnkang@cmu.edu).

Student Name: Seong Hyeon Park

Duration: August 26, 2019 – February 14, 2020

Course Name	Grade
AI: Representation and Problem Solving	A
Machine Learning for Text Analysis	A
Computer Vision	A
Project course: IoT, Big Data, and Machine Learning	A

Jaime G. Carbonell
Newell University Professor
Director, Language Technologies Institute
School of Computer Science
Carnegie Mellon University

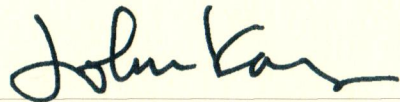

Carnegie Mellon University
Language Technologies Institute

Certificate of Completion

It is with pleasure we acknowledge

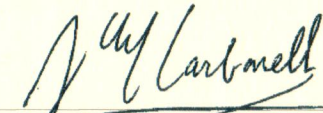

Seong Hyeon Park

on completion of the non-degree Intensive Artificial Intelligence Program offered by the Language Technologies Institute in the School of Computer Science from 26 August 2019 through 14 February 2020.

John Kang
Director, Intensive Artificial Intelligence Program

Date: 14 February, 2020

Jaime G. Carbonell
